February 6, 2018

Lake Forest, IL - In-Office Pathology, LLC (IOP) announced today that it has hired its newest histotech consultant, Diane Edwards HTL (ASCP). She is a very experienced histotech and has worked for the past eight years at Loyola University Medical Center in Maywood, IL. She is a graduate of Illinois State University with a B.S. in Chemistry. She also has her Master's Degree in Chemical Engineering from Illinois Institute of Technology.

Pat Kalish, VP of Corporate Communications, commented, "We are very proud of this new consultant addition. IOP has continued to install new in-office pathology laboratories nationwide. Our business model is a proven, solid solution to physician income compression. All of our IOP laboratories are still operational for their MD owners, some after as many as 14+ years."

Ms. Kalish continued, "Our compliant in-office pathology laboratory concept continues to generate support among large GI, urology, multi-specialty group practice and dermatology groups nationwide. We have applied our unmatched pathology business experience to affect a dramatic paradigm shift. Our single resource approach for laboratory design, implementation, operation/regulatory guidance, compliance and management oversight is unparalleled in the industry. We are the undisputed market leaders. Specialty groups have responded overwhelmingly to our message. We have 76 in-office laboratories (in 26 states) and the demand continues to grow."

Pat commented, "Large specialty practices with their IOP in-office pathology laboratory immediately see the benefits of our compliant, turn-key program. IOP laboratory clients have reporting, information management, and compliant billing capabilities plus local technical support. IOP specialty groups practice at the standard of patient care. They have on-site pathology consultations for clinicians and patients which is an integrated team approach to medicine."

IOP guides specialty physicians in establishing their own compliant in-office pathology laboratories. For further information call us at 800.280.3785. Or, email us at iopathology@gmail.com. Visit our website at www.iopathology.com for more details.
